# The method for disposing of plastic products will change.

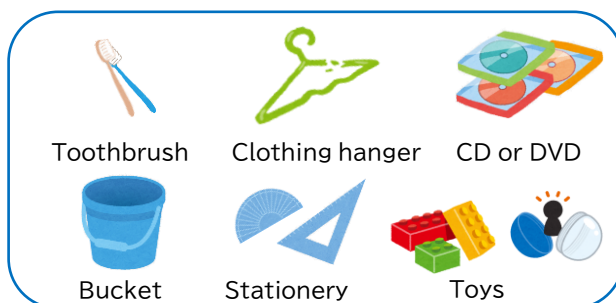

In Iwakura City, to promote plastic recycling, the **plastic products in the image below** that were previously classified as "**shreddable waste**" will now be collected together with "**plastic packaging materials**" as "**plastic resources**."

## ~Disposal method~

Plastic containers and packaging resources.

Plastic products that were previously classified as shreddable waste.

★ Items that can be placed in the plastic container and packaging resource trash bag (blue).

- ★ Plastic Container and Packaging Resources
- ★ Items Made Entirely of Plastic
- ★ Items That Fit in the Designated Bag  
(Items that do not fit: those under 60 cm are classified as small waste, while those 60 cm or larger are classified as bulky waste.)

※ The design of the designated blue bags will be gradually updated.

## ~Collection day~

Plastic resources are collected weekly,

while shreddable waste is collected biweekly.

It will be changed to **Wednesday**.

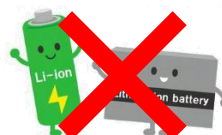

Collection area	Burnable waste collection day	Plastic resources collection day	Shreddable waste collection day (※)
Southern region	Monday · Thursday	<b>Wednesday</b>	1 <sup>st</sup> and 3 <sup>rd</sup> Wednesday
Northern region	Tuesday · Friday		2 <sup>nd</sup> and 4 <sup>th</sup> Wednesday

Please check the back as well! ♪

※ no collection on the 5th Wednesday.

Batteries are classified as "dry cell batteries."  
Do not dispose of them with plastic waste!

# Items that cannot be disposed of as plastic resources (examples)

Even if made of plastic, the following items cannot be disposed of as "plastic resources".

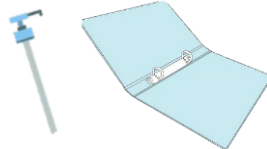

## Shreddable waste (red-labeled bag)

• Items that cannot be cleaned

• Items that cannot be separated from other materials

• Hard items with a thickness of 5mm or more

## Items collected separately

Metal • small household appliances

• Electrical items

Hazardous waste

• Items containing blades

Disposable lighters

• Disposable lighters and gas lighters

Dry cell batteries

• Small household appliances with built-in, non-removable batteries or rechargeable devices

Small waste

• Items that do not fit in the bag (Items 60 cm or larger are classified as bulky waste)

⚠ If a poly tank fits in the designated city bag, it must be disposed of as small waste.

**Risk of Fire or Explosion!**

Never mix mobile batteries, heated tobacco devices, or other rechargeable small appliances containing **lithium-ion batteries**.

**Hazardous** !!
